THE CORONAVIRUS

What should you pay attention to during sorting?

1. Label your company clothing and keep them separated at the agreed location.
2. Label your own materials and keep them separated at the agreed location.
3. Observe the agreed distance during the work, unless you are part of the same household.
4. Clean or decontaminate your workplace at the start and end of your shift.
5. Respect the walking routes and the circulation plan.
6. Stay at your assigned workplace.
